Student Engagement

School and Classroom Leadership

LEARNING/LESSON ACTIVITY DESCRIPTION:

Students and parents will work together to sticker/stamp/check off the mode of travel they use to and from school each day.

REQUIRED RESOURCES:

Passport printouts, Stickers or Stamps (optional)

INSTRUCTIONS:

Setting the Stage

School staff send home passports in September and October newsletter, including a brief message regarding active school travel. Remind parents and students about the passport activity on iWalk day (first Wednesday of October) and instruct them that they are to use the passports between the 2nd and 4th weeks of October 2019.

Activity

Passports can be created using the provided printout template of the active travel passport that can be folded to create a book. School staff should send out an electronic copy of the passports to parents/guardians ahead of time. Parents/guardians are to print out the passport for their child(ren). Some copies of the passport should be available at school for students without access to a computer or printer at home.

Students must first fill in the dates on the lines provided in the calendar. Each day, they will check off their method of travel to and from school either by marking the box with a pen or pencil or by using stickers or stamps in the box corresponding to their mode of travel.

Schools should promote the active travel passport on their various social media accounts, reminding students and parents about the activity. At the end of the activity, schools should celebrate student's success by posting photos and stories of their accomplishments on their social media accounts with the hashtag #gogreentravelclean.

MODIFICATIONS/ACCOMMODATIONS:

Should a school or classroom decide, they may create a competition amongst groups of students for those using the cleanest mode of travel (active travel > bus travel > personal vehicle travel) or those who walked the most amount of days.
