

# Spot the Roundabout Hazards

Fill in the number that matches the description below. Write how to avoid the hazard on the lines below.

Number	Description	How to avoid these mistakes
6	Riding a bike across the cross walk.	<u>Walk your bike when crossing at the cross walk.</u> <u>Remember to always wear your helmet.</u>
4	Unsafe stopping in a roundabout.	<u>When driving do not stop in a roundabout,</u> <u>except to avoid a crash.</u>
2	Crossing when a car is too close to stop.	<u>Wait for a safe gap before you cross. That</u> <u>means there are no cars in the roundabout.</u>
3	Driving through a PXO when a pedestrian is crossing.	<u>Wait until the pedestrian crosses road before</u> <u>driving into or out of the roundabout.</u>
5	Crossing to the centre island.	<u>Never cross at the centre island. Always cross at</u> <u>the splitter island.</u>
1	Driving too fast through a roundabout.	<u>Slow down as you drive into and through a</u> <u>roundabout.</u>
