

# EXAMPLE ELEMENTARY SCHOOL ACTION PLAN

**STP PURPOSE:** to increase the safety and number of children using active modes of transportation (and school bus when eligible) and decrease the number of students driven to and from school.

**OBJECTIVES:**

- Objective 1:** Increase the number of students using active modes of transportation to travel to and from school.
- Objective 2:** Decrease the number of vehicles dropping off students in front of the school in the mornings and picking up students in the afternoons
- Objective 3:** Increase the number of bus eligible students using school bus transportation
- Objective 4:** Use education (pamphlets, newsletter inserts, assemblies, announcements, etc.) as the main tool to increase safety for and awareness of AST
- Objective 5:** Ensure that all stakeholders take ownership of their part in the school travel plan program
- Objective 6:** Ensure that all communication (i.e. education, promotions, initiatives etc.) is provided to both the school community and surrounding neighbourhood community
